FREE SCHOOL

12 October 2015

**DESIGN & ENTERPRISE AT NOTTINGHAM FREE SCHOOL**

Dear Parent / Carer

During Key Stage 3 your son/daughter will work to design and make products using a range of materials including electronics, food, metal, paper, acrylic, textiles and wood. He/she will also develop a knowledge and understanding of structures, systems and control and manufacture. We hope that they will enjoy the projects offered.

In order to provide your child with high quality materials we are therefore requesting a voluntary contribution of £10 per pupil towards the costs of materials. It means that your child can take home everything that he/she makes during the year.

We would be grateful if you would complete the reply slip below, placing it in the envelope provided and marked with your son/daughters name, tutor group and Technology group. Your son/daughter should then hand the envelope in to student reception.

Thank you in anticipation of your support.

Yours faithfully

Miss S Cockayne  
Teacher of Design and Enterprise
