

08 June 2023

Dear Parents and Carers,

I am emailing to thank those of you who completed the parent survey for your feedback about homework and to inform you about our plans for the next school year.

We had over 200 responses, which is fantastic and this is invaluable in moving forwards with our new homework agenda.

In summary, the majority of parents who responded prefer:

- Homework to be recorded on an online platform
- Students to have approximately 90 minutes-2 hours of homework each week (depending on year group)
- Task types to include structured worksheets, knowledge learning which they will be quizzed on, reading, online learning platforms and research-based questions
- Incomplete or missed homework (without a valid reason) to be sanctioned in school

We have now invested in *Satchel One: Show My Homework*, which is a highly rated online platform to keep a track of students' homework. The link below is a guide to how this works: <https://help.satchelone.com/en/collections/1695420-parents>

You will receive instructions about how to set up your account and mobile app in due course, so please keep an eye out for this email. There will also be more detailed information about our homework policy, which will be launched in September 2023.

In the meantime, if you have any questions; please don't hesitate to contact me.

Kind regards,

Laura Tervit
Assistant Headteacher
